band were there with their instruments to assist with the music. The pastor used as his subject, "In the Crowd," calling special attention to the fact that many characters, personalities and individualities are surrendered rather than take issue with the "crowd." Manhood is often sacrificed for the opinion of the "crowd," said the preacher. Jesus immortalized the rough, wicked city of Nazareth because he dared to be better than and different from its population. He was noble and good in spite of the crowd. God have mercy on the man who thinks that in order to be a "man" and "one of the boys" that he has got to surrender his character and manhood. God help the young men and women of our day to dare to be men and women with clean, wholesome lives.

Mr. S. M. Wiley, who has been in Greenville, on his vacation, returned Tuesday afternoon.  
The orchestra will assist the music next Sunday evening at the Baptist church. All are cordially welcomed to these services and all others at this church. On last Wednesday evening Prof. Feruchi, Mr. Dale, Ralph Mottell and several others of the orchestra added much to the prayer service.  
The sermon subject next Sunday evening at the Baptist church will be, "The Power is Off and the Mill Can't Run." Everybody come.

## A Remarkable Record.

Chamberlain's Cough Remedy has a remarkable record. It has been in use for colds, croup and whooping cough for almost half a century and has constantly grown in favor and popularity as its good qualities became better known. It is the standard and main reliance for these diseases in thousands of homes. The facts that it can always be depended upon and is safe and pleasant to take are greatly in its favor when it is wanted for children.

Charlotte, N. This shopping list contains the most complete list of Carolina Manufacturers ever compiled. It was distributed by the Charlotte concern without cost and is now being consulted by thousands of merchants throughout the two states who are coming to see the advantage of trading at home when goods of the same quality can be secured at as low or lower cost than they can be secured elsewhere. The booklet was distributed through and to Chambers of Commerce, libraries, merchants' associations and other civic institutions and also to merchants and consumers.

"Kerosene costs only about half what it did last year"

A practical way to save coal this fall and winter

The Perfection Oil Heater will prove more economical in over a million homes this year than ever before. Coal prices have changed but little in the last twelve months, while Aladdin Security Oil, the best kerosene you can buy, has gone down nearly 50%.

The Perfection is an efficient heater. There's no waste of fuel, no ashes that represent many of the pounds that go to make up your ton of coal. Rooms and hallways that are used only a few minutes each day are an added source of wasted heat, greater, probably, than you imagine.

Use your coal heater to keep the whole house warm. Then in cold weather, instead of "rushing" the fire all day, make the living rooms comfortable by using a Perfection, just where you want it—in the bay window or the opposite side of the room from the radiator.

You can burn a Perfection for about 10 hours on a single gallon of kerosene. Your hardware or department store salesman will gladly point out its simple construction and smokeless wick adjustment to you.

Ask your dealer about the Perfection Oil Heater Cost—\$5,000.00 in prices.
